

## MY LOVE IS A PUNK

genre: Romance, Queer

Two punk buddies from families of different social classes fall in love and help each other to get the love interest of the friend.

First couple - a younger top gay (punk) x elder bottom bi. They get to meet at a bar. A 20 year old young punk and a 32 year old noble gentleman. They have a nice talk and agree to meet again. The next day they discover that the gentleman is the new business partner of the punk. So, additionally considering their age gap, the gentleman keeps distance actively ignoring the younger one. But punk will not give up. He keeps visiting the workplace, following the man around till he talks to him again. The older gay is a fair business partner, and a virtuous piano player.

The punk is not interested in dad's business which displeased his strict dad. He gains himself up before coming out to his dad. The dad says he is his son and he is here for him as long as he is a good man who would not harm innocent people. When the guy says "The day mom left us", the dad immediately goes "Oh, right! She has sent new photos from the places she visited. This is my favorite one."

"She is sure enjoying her vacation with friends."

"Already missing her,huh?"

"Like you don't."

As soon as ex-business partners find out about the guy being gay, they get to lowkey tease the dad. The supportive dad responded with the data he had for the men's sons: One played with the feelings of the girls, the other beat-ran a poor man, the other one was on the court for building unsafe constructions, one of which collapsed. Yet all of them tried to protect their offsprings. While his son has done nothing wrong.

Second couple - the smart chic x the punk jester. This punk friend (switch gay) is from a working class (mechanics family). He was raised in a not so safe neighborhood but is a good and positive guy despite sometimes being a hothead. He falls in love with a handsome smartie (switch gay) who is tutoring him for university exams. The smartie is secretly jealous while seeing him with his friend while trying his best to keep his cool. The smart guy prefers to ignore his bullies but the punk guy gets in a fight for him. Then his crush takes care of his wounds. This punk friend has a femme lesbian sister (short, curvy with short hair) who is good at fighting as well.

The friends used to smoke. Now one sour and mint lollipops of own production while the other prefers sunflower seeds.
