

The calendars show 2047. Human population drastically decreased after *the Great Global Disasters*. People live in the ruins while trying to recover the surrounding. The four corporation leaders were able to hide with their wealth, and created the *Secret Association coded as A.O.* They hired Dr. Yves to help them take control over the World. Dr. Yves introduces *Highly Functional Service Androids* as the efficient police, and doctors while secretly observing people.

Dr. Yves accepts A.O's offer to obtain freedom to fulfill his main project - Immortal Human. He traps true intelligences, and forces them to work for him. After many failed experiments on humans, a young anti-HFSA protestor named **Fidan** wakes up in her new body. Dr. Udekiki secretly takes Fidan out of the lab. However, the underground team called *Caelum* catches the immortal girl.

Jyrgal is the leader of Caelum. She's a young girl from the police family which was killed by police androids at their house. **Aytuna** is the engineer of the team. She's Jyrgal's girlfriend, and Dr. Yves's ex-worker. The team has a weapon master named **Karamel** who wants to change the world for the better. The only *hibernation survivor* **Bermet** is the combat master. She's here to protect Karamel. They have a secret weapon named **Yashar**, a young guy with a superpower - generating electric-like energy flows. Dr. Yves adopted him, and his peer named Kashgar as a positive promotion. They became lovers, and try to run away. Kashgar was killed by the order of Dr. Yves.

Caelum is planning to destroy Dr. Yves's main building. They have to put the plan to life quickly as Yashar feels his life energy would not last long. Without believing in their triumph, Fidan comes along, as she wants to solve her mental drawbacks occurred because of the immortal body. The plan is simple - bomb the building, and fight till killing Dr. Yves. Aytuna cracks the floor plan, and direct the team remotely. Being unaware of the mobile walls, the team gets separated. Yashar has to fight with *Fake-Kashgar*, the android servant. Dr. Yves makes Fidan choose between getting her body back, and saving the girls from being crushed by the walls. Yashar is able to fight the android, and Fidan makes her choice towards the girls. She uses the weapon, installed to her body by Karamel, to destroy the androids, and stops the walls. Her body cannot withstand the overload, and fails. Yashar, and the girls are able to break in Dr. Yves's office. Jyrgal tries to kill him, but halts. Then the team has to fight with the huge guard androids. Dr. Yves runs to his secret lab. Yashar follows him, and the door gets locked. In that lab, Dr. Yves prepares another surprise for Yashar. He shows a knife under *a little girl's* throat while stating the girl being Kashgar, and Yashar's biological child. Dr. Yves secretly developed Dr. Udekiki's *project of safe-way made kids for everyone*. Yashar has the little energy left. Jyrgal catches up, and takes the little girl from Dr. Yves. After leaving a short message for the daughter, Yashar collects all his energy, and kills Dr. Yves. Yashar dies afterward.

Caelum's triumph over Dr. Yves leads to disclosure of A.O. Caelum gets renowned worldwide, and actively participate in the making of the guide which practices all the human rights. People keep going on developing themselves both morally, and spiritually, at the same time, making the World a better place. The years pass. Even the aliens land on Earth to openly communicate with humans.

Now, Kashgar, and Yashar's granddaughter **Tansu** who is also Bermet, and Karamel's granddaughter, lives a happy childhood in a safe world while exploring the Earth, and the galaxy with her alien friend. **"Immortal 88" by Chagla Altel 11/08/19**
